

## Conference Conditions of Entry

The following conditions apply to all delegates (in addition to any further conditions applying to Exhibitors and without derogating therefrom).

All persons are required to register. The Organiser will record all delegates' details in order to produce a name tag, generate statistics and provide mail information to the Organiser for future marketing purposes.

Visitors, delegates or companies without a sponsorship agreement, agree they will not promote their products or services to exhibitors or other attendees while attending the conference. Anyone found in breach of this rule may be asked to leave the conference venue immediately. They may be refused entry to future conferences or events conducted by the Organiser.

### Inappropriate Behaviour

Inappropriate behaviour, sexual harassment or bullying will not be tolerated and offending individuals will be asked to leave the conference.

### Health & Safety

All persons entering the Exhibition are expected to act in a safe manner and abide by relevant health and safety legislation. It is expected that all attendees will report any potentially unsafe conditions immediately to the Organiser.

### Photos & Video

By entering the Exhibition visitors may be filmed or photographed by the Organiser. These films or photographs may be used in future marketing promotions by the Organiser.

No attendee is permitted to photograph or film any presentation or material provided at the conference without prior arrangement with the organiser.

### Privacy

The Water Industry Operations Group NZ respects your privacy. If you wish to have access to your personal information or believe it should be amended or removed from our records please contact:
